Thank you.

In the name of Allah, The Beneficent, The Merciful,
I bear witness that there is no God, but He
and I bear witness that He visited North America
in The Person of Master Fard Muhammad, The Great Madhi
that the muslim world has been expecting and the long awaited Messiah
that the Christians and the Jews were expecting. I thank Allah for His intervention in
our affairs and giving to us from our own mdist, a man that He could deposit
wisdom, knowledge, and understanding so great and so powerful that it would
produce what is referred to in the scriptures of The Bible and Holy Qur'an, as the
resurrection of the dead. My teacher told me one day that if there were any symbol
that he could use to represent his work, it would be a trumpet.
He made me his trumpet. God made me His mouthpiece and so today
in The Garden, Insha'Allah I will deliver to you
a message not from beneath, but a message from on High.
I thank Allah for my teacher.
I greet all of you with the greeting words of peace, As-Salaam Alaikum!

I'm very grateful and thankful to Allah for this privilege to address the entire world of
human beings with a message from on high, a message that will answer all of the
questions that have been in your minds over the last five months. It started with a
member of The Nation of Islam giving his life to the coronavirus for a reason.

I was very very troubled by the passing of our Brother Abdul Hafeez Muhammad and his passing affected me like no other. It affected me like that because God wanted me to stop and think because there was a message He wanted to give me that He wanted me to give to you. Therefore, I could not get embroiled in the emotional side of our loss, though I was terribly, emotionally struck by his passing. But as I mentioned in my message to the readers of The Final Call that I had to take this death up to where it belonged to Almighty God Allah and I asked Him why. Why did He take this great Brother of ours? The Regional Minister of The Nation of Islam on The East Coast. Why now? Why in this manner of the death caused by this coronavirus? I had to get answers.

When you get lost in the emotion of your loss, the loss becomes harder to bear, but when you recognize and we recognize that there is only one life giver. And when we recognize that this precious life that each of us have at this moment is a gift to us and to others from Allah. And He being our Sovereign Lord has the right to call us in or to use our lives as He pleases without asking our permission. But as Muslims, we say it in our daily prayers: Surely my prayer, my sacrifice, my life, and my death is all for Allah, The Lord of The Worlds.

During Ramadan, in the early morning reading of The Qur'an, I began to get some of the answers to the questions that I was asking of Allah. And all of you that are watching your Brother from wherever you may be watching, there are many questions that you had in your mind over this virus, and over the loss of life, and over the lives that were lost, and over the pain and hurt and hardship of those who lost their loved ones without even being able to say farewell and goodbye, and not even

to touch your loved one. That was very painful, but I want you to know that the life that you lost was not in vain.

Abdul Hafeez Muhammad's life lost to the coronavirus is not in vain. He is considered in Islam a martyr. Those who die in the way of Allah, The Qur'an says, "Don't speak of them as dead; they are alive because their death was in the cause of God." No one in this drama from China to Iran to Italy to every country in the world whose people have been lost to this virus, there's no reason for us not to see them in the same light, they are martyrs. You may ask, how do they become martyrs. Allah says in The Qur'an, the ink of a scholar's pen is more valuable in the sight of Allah than the blood of a martyr because the scholar can write words of wisdom to make the devil smaller and smaller, but nothing is more powerful than when you offer your life to God in His cause.

And so, I see my brother as a martyr. I see all of those who have died in this corona violence to us as martyrs—be they men, women, or children, be they White or Black and colors in between, be they Jews, Christians, Muslims, Agnostics, be they gay, be they straight. Whatever you are doing with your life, now that death has claimed you with this virus, your life and your death has been raised and you are considered martyrs by the Prophet Muhammad peace be upon him.

I did not know that Prophet Muhammad had said that when people die in a plague they are martyrs, when they die in fire they are martyrs, when a woman dies giving birth to new life, she's a martyr. So I asked myself—what is the cause for which our Brother Abdul Hafeez has returned to Allah and what is the reason why all of these lives that are being lost and many more to come (are martyred)—what is the cause of this loss?

Do you know The Honorable Elijah Muhammad taught us that Master Fard Muhammad taught him that once every fifty thousand years, two stars appear in the southeastern sky, a blue and a red star. That blue and that red star is now present. It signals the coming of a universal change.

This world that we have lived in, are living in, and soon will live in no more has to go. And a divine change is on its way in. So when you're martyred to send an old world out, your life is lost to bring in a universal change of worlds.

Now, The Honorable Elijah Muhammad taught us that thirty percent of the righteous, eight thousand four hundred years ago, thirty percent of the population was dissatisfied. And whenever you have dissatisfaction, it produces a leader that brings about a change. The dissatisfaction on our earth today is a hundred percent. Everywhere you walk, everywhere you look the people are dissatisfied, so when you have a hundred percent dissatisfaction, then there must be a hundred percent change. So those who are a part of this world, if you bow down and become a part of what God makes new, this is the end of your time to rule, the end of your time of leadership, the end of your time of life on this planet that was made by Allah for the righteous.

There's a burden that the earth is carrying, that the earth must be relieved of. And what is that burden? Everything that is on the earth came out from the earth, so the earth is not burdened by what comes out from it, but the earth is burdened by the wicked living on a planet that was made for the righteous. And so the burdened is now being shaken. The burden feels something coming because they're being

overthrown. You can't live in a world made by God on the basis of truth living your life on the basis of a lie.

So, today in this garden, in this place, at this time is a message that God wants me to deliver.

Did you know that Master Fard Muhammad made His appearance in North America on the Fourth of July?

Why did the Great Madhi leave Mecca, His birthplace and come alone to North America by Himself? Why? Why would He come, while America was celebrating their independence? He came to offer the ex-slave our independence from them. So He came on the fourth, so we don't have to celebrate the folly of firecrackers and foolishness celebrating the so-called wisdom of The Founding Fathers of this republic because they were great men, great White men with not enough heart to write a Declaration of Independence that truly represented the population of The United States of America today.

So the six European countries that formed the basis of what you call America, made America a place of refuge, not for all the people, but for some of the people. So this has never been a country of the people, by the people, or for the people. This is a country that never was made with a woman in mind. Therefore, they had to suffer years before they could even earn the right to vote. This country was not made for the slave because they only fashioned us as three-fifths of a human being. This country was not made for poor people. It was made for White people of privilege, White people of scholarship, White people who felt that they are the masters of God's earth and that they deserve privilege, but no lesser being deserves that privilege. How did we become lesser beings?

When Master Fard Muhammad came among us, He came in the time of your celebration of a great event in the history of a nation that is now unraveling. He set before the world on that day a man. And He, Master Fard Muhammad sets before the world on this day, a man whom He has made, the two of them have made Him.

I found it in the Qur'an just a few hours ago. And though I had read it many many times: Allah decided to place a ruler in the earth and the angels said, 'What will you produce except that which will create mischief and cause the shedding of blood?' And The Wise God said, "I know what you know not." And so a world came into being, a world opposite [of] the way, and the life, and the Will of God, though it was permitted by God. It was only permitted to exist for a short time.

So I read, also it's in The Qur'an many times, but this time when I read it it said that "Allah created a man with His two hands." I never read it and understood it before. But it was like He was telling me, like He said before, 'There will be two of us backing you up Brother, Allah and myself.' So those two men that you saw flying above your head today, as we celebrate the ninety birth anniversary of The Nation of Islam, and you saw Master Fard Muhammad and The Honorable Elijah Muhammad as the Founders of this nation. Two hands that made the man that is standing in front of you today. Two minds fashioned his mind, two minds fashioned his heart, so when it comes to the definition of discrimination, the definition of a standard by which God measures a criterion. That's what you saw in all the ads, a criterion. I am not a

braggadocious, arrogant human being. I am so glad that He guided me so gently over time that when I finally came into the true knowledge of who I am and what is my purpose in this life that I could accept it and not be bowled over by it. He's presenting me to you, to the world today, as the man that the two of them made that is to set down the leaders of this world and to make Satan fully known that you may fall away from satan.

So when I call your name or call your function know that God has set before you a master of your function.

You say when I made him complete and breathed into him of My spirit, fall down and make obeisance to Him and the angels did fall down, but there's always a group that think they are better, so they are driven away from the face of God because this is a time when you hear God's voice and recognize God's voice, you have a responsibility to act on what that voice is telling you from God.

Now, you may not believe that God would choose a man to grow right up among you that becomes the master of the prophet. You might not want to believe that, but it is a fact. Because no prophet can even be considered a prophet, until that which he prophesied is fulfilled. And it is the fulfiller of the predictions of the prophet that seals them as prophets of God. So my work is to seal that all the prophets did not lie—A man was to come. He would be like David. He played well on an instrument, but he was powerfully spiritual.

I remember The Honorable Elijah Muhammad inviting me to his home, after I appeared in a play that I had written called Orgena, a Negro spelled backwards. And in that play that we wrote, I acted, I sang, I danced, I played my violin, and The Honorable Elijah Muhammad sent for me. When he sends for you you've either done something right or you're in deep trouble. I didn't know what to expect that morning, so I met my teacher at the blessed 4847 South Woodlawn Avenue. He took me into the living room and he said, "Brother, I was in the audience last night and I saw your performance. You're very good at what you do, but your greatest gift is in the spiritual." He said, "Would you give all of that up for me?" I said quickly, "Yes sir." As if he might have been surprised that I answered so quickly—He said, "You mean that you would give all of that up for me?" And I said it again, "Yes sir." And that was the end of my musical journey, but the beginning of a spiritual journey that makes me the man that I am today. You can take it or leave it alone.

Thomas Jefferson wrote beautiful words, but his heart was not there to fulfill it. You can't say that you believe that all men are created equal and are endowed by their creator with certain unalienable rights that of these his life for liberty and the pursuit

of happiness—you can't say that and hold another nation enslaved. So you weren't talking for them. So the dog whistle in President Trump's cry, "Make America great again," under it is make America white again. And that's why the White nationalist and those of that mindset are fleeing to his call, but the question that we have to answer today is are you a hypocrite America? Because if you did not mean for the Black, the Brown, the Red, and even the poor White to enjoy the full rights of citizenship, then why call us what we are not?

So now we have to call you out. You have to come on the carpet now. Don't talk to us with stupid words because we are deeper than we once were. You can't pacify us with a smooth, crooked tongue. We know you, we've lived with you for four hundred and sixty five years. So either you mean what you say, or our covenant with death will be annulled and our agreement with hell shall be destroyed.

So now, the Saviour offered his presence to the constitution when He came on the fourth. But He offered us a heart that could fulfill those words. He was making us into a people that don't move on hate, that don't move on the evil of what people say or do. They move on The Will of God.

So we have invited you today into The Garden to meet a nation that The Qur'an says, "Is the best nation raised of men, for we enjoin good and we forbid evil."

I walked to this podium on a white carpet. I refuse to walk on red because all you world leaders you got your power from shedding the blood of those that may have been in opposition to you. I come on a white carpet because in the sixty-five years of my being a student of The Honorable Elijah Muhammad, I have never never shed the blood of another human being to get to where I am today.

I've had forty-three years, twenty before that to prove as a student of The Honorable Elijah Muhammad that when he was not present, I would carry his teachings into practice and never harm another human being. So you could say I'm a hater, but you can't prove it. You can say that I am a bigot, but you can't prove it. You can't say that I hate my homosexual, gay, lesbian, and queer, and transgender brothers and sisters, you can't say that I hate them because I represent a God that came with the power to save.

Now to get into my work today.

You are very concerned about this pestilence.

I'm going to take a little drink of water. It's hot up here. You might get hot where you are from the word you're about to hear. This is a very difficult part because all of us have witnessed the effect of this coronavirus.

China says, it was the U.S. army that dropped it in China. And America says, Wuhan, China produced this virus and they could have told us what you were doing.

Mr. Trump and all of your scientists, why don't you put your mask on and sit down for a minute, while one of the ex-slaves whom God has awakened gives you guidance on what you seek. I want to tell you right upfront: you will not conquer this virus because it did not come from Wuhan. It did not come from Fort Detrick in Maryland. 'Cause if you had made it, you would know how to handle what you made. But you don't know this virus. It's new, it's different, it mutates and goes in different directions with a different strain of itself. You're running trying to get a vaccine like you are really interested in saving the world from this virus. I'll get to your vaccine in a minute.

Mr. Trump was so happy. Oh my President was looking forward to re-election. The stock market had gone up near three thousand, but all of a sudden without warning something happened and overnight the countries were being shut down. Think about it. God never takes a people when they're sad. In the days of Noah, He waited 'til they were very happy—having marriages, and getting drunk, and having a good time, and that's when the flood came. Be careful of your happiness because in that hour that he was rejoicing knowing that as long as that stock market was there and the economics of the country seemed favorable, he knew that he would be reelected. And all of a sudden out of nowhere, an unseen thing. It shows you how you can get messed up from something you can't see. You're preparing for all the things that you can see, but you have no preparation for the unseen. Because it's unseen does not mean that it's unreal. And the reality of COVID is what we are facing today.

I say to my beloved family, Brothers and Sisters, we have to set an example before the world. I could not allow you to come out without a mask, as though because God has favored us that we are masks free; don't need it. That would make us followers of the foolishness of our government. So don't you take your mask off while you're on this property. Relieve yourself for a minute, take a few deep breaths, put it back on, but you will not talk to each other, as though you're in a safe environment because you're in The Garden.

A man named Jesus was in The Garden. And while he was in The Garden, if you remember the movie, “The Passion of The Christ”, darkness surrounded the beauty of The Garden because Satan was watching Jesus. They wanted to get him, they wanted to attack him, but they had to wait for the right moment, the right time. So in The Garden, even though it’s bright, it’s beautiful, it’s so beautiful. And the believers decorated it with such joy, and you can feel the peace of God, as you sit where you sit and walk these grounds because the peace of God is with us. But while we are here, the plotters are plotting. Right now, and they intend to do me and you harm.

But here’s what I need to say to you that have Bible’s at home and Holy Qur’ans.

I want to quote something from The Book of Isaiah. The twenty-six chapter, the twentieth and twenty-first verses.

You can write it down. Naturally you didn’t bring your Bible into The Garden, but if you brought a pen—I’m going to give you some exegesis by God’s grace on these words that many have read, but didn’t quite understand.

Isaiah says, “Come, my people, enter thou into thy chambers, and shut thy doors about thee: hide yourself as it were for a little moment, until the indignation be overpast.”

Shelter in place. Hide yourself. Ramadan was great because the coronavirus caused us to stay home. The coronavirus made us to study our Qur'an more diligently. We were not able to be social beings. Sometimes we need to be arrested because when you live your daily life always running to and fro sometimes jail time is good for us. Sometimes solitary confinement is good for us because when you're alone, you're alone, but you're with your Creator. You're never without His presence, if you know how to reach Him. So even though you're locked down, God is with you. And if you seek Him, you will find Him. It was during the coronavirus lockdown, during Ramadan that I was given this assignment.

Go into your chambers, hide yourself. “For, behold, the Lord cometh out of His place to punish the inhabitants of the earth for their iniquity: the earth also shall disclose her blood, and shall no more cover her slain.”

Let's dig into this. What is an inhabitant? God is coming out for the inhabitants, not of America, not of Africa, but of the whole earth. What are you coming out for God? I come out of my place to punish the inhabitants of the earth for their iniquity. Let's look at the definition. What is iniquity? It is when we not only sin, but we willfully sin and even find delight in committing sin. And we have sinned to the point where God no longer strives with us and our conscious is seared. In Hebrew, iniquity is guilt worthy of punishment. Sin is gross in morality or injustice, wickedness. Iniquity is when we not only sin, but we willfully sin and even find delight in it. Boy.

Now you may say, that's not talking to me. Are you an inhabitant of the earth or do you live on mars? Well, if you live on the earth it's talking to you, it's talking to me, it's talking to us because none of us came into The Garden without sin.

Our iniquitous behavior is a pestilence on the earth, so God answers with a pestilence. His anger is at a point where He has to punish the inhabitants of the earth for their iniquity.

How big is the earth? The Honorable Elijah Muhammad taught us the earth is a hundred ninety-six million, nine hundred forty thousand square miles and fifty-seven million two hundred fifty-five thousand square miles of it is land. You may live in the sea, on the sea, but you don't live and inhabit under the sea.

So punishment from God's pestilence is to turn against you the things that you depend upon for your sustenance.

Have you lost your job? How many millions have lost their job in America? Between thirty and forty million. How many of you have lost friends and loved ones? How many of us being arrested in place in your house, how many find it like a prison? How many of you are arguing with members of your own family because staying with them day after day and week after week you're discovering things about yourself and about one another. So you want this to end.

So Mr. Trump calls it liberation. “We want you to be liberated from the virus by asking you to come out from sheltering in place, come out from wearing a mask, come out for social distancing, open up your society.” So the moment they opened up trying to get basketball on track, several showed up with the virus. In the choir people [are] singing and the melodious sound of their voice was also coupled with droplets of death coming out of their mouths. So now many in the choir have already died. So, you want this to end, but you don’t know how. You want it to end Mr. Trump, so you can go back to what was, but I am here to tell you sir, you will never see what was again—that is over.

Why do you say this Farrakhan? Because we are under the judgment of God.

I want you to open your Bible to Genesis, the fifteenth chapter, thirteenth, fourteenth, and fifteenth verses.
You can’t get away with this one.

Know of a surety Abraham that your seed will be a stranger in a land that is not theirs, and they shall serve them, and they shall be afflicted in that land for 400 years. After that time, God says, I will come and judge that nation, which they shall serve.

When our Brother was killed all of the people that I saw on television that the television people were calling Black people from everywhere to listen to your thinking. And the one theme that you were running quite honestly and fervently was four hundred years. Four hundred years of living under this, four hundred years. Well you say at 1619 is where our journey began, so at 2019, you celebrated 400 years—okay that’s good—but that’s not the real history. The real history so teaches The Honorable Elijah Muhammad—and you as scholars can research it—it started in 1555 on a ship named Jesus that brought our first father’s out of Africa into America.

Why [is] sixty-four years missing? Have you heard of the sixty-four thousand dollar question? Why did they use that number because our tormentors know that it was sixty-four hidden years that turned you from a proud wise African into a blind, deaf, and dumb, so-called Negro. In that sixty-four years, our fathers and mothers were not allowed to pray. When the name Allah was mentioned, that mother, that father was killed. They were forced to make babies and then they were killed. So in sixty-four years, you have two generations. If you count thirty years as a generation. So by the time 1619 rolled around, you were a totally wrecked human being.

That's why you don't know your name. That's why you can't speak your language. That's why you've been ripped away from your natural religion and that's why you have been made to love your enemy and call your enemy massa when before that only God was your master.

I was one day with my Brother, Father Pfleger, who is my brother in Christ and we were talking about Mrs. Clinton trying to be President, and he mentioned to me that she felt entitled. Any of you that work with and for White people, the reason you cannot get them to bow to your wisdom, even when you are better at the job than they, it's because of the way they were made. They were made to rule. So White people wherever you find them on our planet—It doesn't make any difference what their ethnicity is—they're the same way by nation, so wherever they are in relationship to people of color, they always dominate with tyranny. And if you want trouble, you just rise up, even with a suggestion they can't handle Black intelligence. So in order to hold onto your job, you have to hide your growth because once you let them know you're a level of intelligence, they know then that they can't master you anymore, so the next step is to move you out.

I don't think I can do this whole subject 'cause already I'm beginning to feel the effect of it. And so I have to cut it short and that's something new like the virus. The Minister cutting his address short, but there will be enough in it that I want you to hear from The Holy Qur'an.

It's only two mentionings in The Qur'an of pestilence and I just want to quote it. So that you will be able to go home and look for it.

It is Surah two. I think it's sixty-nine. Fifty-nine. Thank you. It says, a pestilence from heaven is sent down.

“But those who were unjust changed the word, which had been spoken to them, for another saying, so We sent upon the wrongdoers a pestilence from heaven because they transgressed.”

One verse, but the reason for the pestilence is forging a lie against Allah.

In the seventh surah or chapter, verse one-sixty-two. It says, “But those who were unjust among them changed it for a word other than that which they were told, so We sent upon them a pestilence from heaven for their wrongdoing.”

I want you to think about that because now you want to see why The Minister is hated. What have I done that members of The Jews community (some of them) would hate me with such passion. You my brothers and sisters who have fallen out with me because they tell lies to make you think I am a bigot or I am an anti-Semite, so that you won't listen to what I'm saying. And so far, they've been pretty successful, but now I have to bring up the thing that I'm doing that makes me so hated.

Members of the Jewish community were given The Torah by Moses and three hundred years from the birth of Jesus, the civilization of Moses was broken. A man named Nimrod, and Jewish scholars, and Rabbis wrote a word and they made that word in their minds and in the minds of those who believed in them believe that their word, which they wrote is greater than the word that God revealed.

Now you don't read The Talmud. You read the five books of The Pentateuch, which are the writings of Moses under divine inspiration. But what you don't see is the hidden tricknology of Yakub put into The Talmud. And that Talmud is now—listen to above—

Don't push it on me. They want me to sit down. I will use it, but you were pushing it against—

You mind if I sit down a minute?

I will say this to the scholars of Islam: You may not see or believe that I am walking in the footsteps of Prophet Muhammad, in The Sunnah of The Prophet. There was a Jewish woman named Zaynab, who in Jewish tradition in The Talmud, the way they recognize that you are really from God, they poison you. And if you withstand the poison and remain alive that to them is the witness that you are from God.

Prophet Muhammad, whom I dearly love was fed some lamb laced with poison, he and some of the companions ate that lamb and some of them fell very ill. The Prophet was ill too, but he survived the poison. But near the end of his time among us the poison had affected the nerves and his legs became weak and he had to walk with two strong men by his side. This is what you see around me.

Yea. They attempted to kill me nonviolently with radiated seeds filling my body that it was being burnt up on the inside from a hundred and eighty more radiated seeds that I am not knowledgeable of the power of the rads that were put into each seed, but they were sure that I would not survive. So when I went into the hospital—The New York Times, CNN—they had written my obituary. What did you know or what did you think you knew?

Nelson Mandela's wife called me from South Africa and said, "Farrakhan they announced on television that you had died." They who had poisoned me didn't think I would make it and I think I traveled to fifty-three countries with all of that fire burning in my belly. And every time I went to the hospital, they would come and look at me. And I'm sure you're looking at me today and you're wondering what's keeping him up. It is Allah, only Allah.

I should be dead by what they gave me, but successfully I toured the earth. Five continents. The only two that I didn't touch was the Arctic and Antarctic, but here I stand. Here I am. I'm sitting, but I'm standing tall.

Now look at this.

You really think that I hate the Jewish people. You do not know me at all. You that have been in my close conversations have you ever heard me utter the words of death to the Jewish people? You're in front of the world, you can stand up and speak. But if you lie, I won't say. No, you will do it. I don't have to say it.

They hoped that I would die. I became very weak and sick, full of pain. Pain so much that there is no opiate that I have not tried. Never became addicted because my pain was so terrific. You don't know how I suffered. I don't talk about it that much, nor do I complain. They burnt up my insides, that's why half my organs are gone, but I'm still here. So after twenty something years of this cancer and these radiated seeds, my legs are finally giving out and so you'll see me with my brothers around me to keep me from stumbling. In fact, I stumbled twice coming to this rostrum, but my brothers were there, as they were with Prophet Muhammad.

So if the Jews are saying that we did try to kill him and you know I'm alive, then what should that tell you about who I am? That's why I'm talking to the world from The Garden because this is the place where I come to find peace in the midst of the turmoil from the creation of God. I feed on Him everyday. I walk in The Garden looking at the cycles of life and I praise God everyday all day.

They had this chair for me Saviours' Day. We bought a nice looking chair too, but we didn't use it. But today you have to use it because I'm at that point. The Prophet met with death, but I don't think that's in the cards for me just yet.

You have something more you have to do to me, and with me, and for me, but I have something to do too and I will not forget what you have done and are doing to hurt me.

My Jewish friends no, my enemies have raised The Talmud above The Torah and then spread the lie against God that they are stronger than God because they put their word that they made over what God revealed through the mouth of His prophets.

So The Holy Qur'an says, "And they honor not Allah with the honor due to Him and the whole earth will be in His grip on the day of resurrection. And the heavens rolled up in His right hand. Glory be to Him and highly exalted is He above what they associate with Him."

That's why you founding fathers could never make the constitution real for us. That's why you make laws and you break them. You make promises and you break them,

but now what will you do with corona, a pestilence from God. What will you do? What can you do? You're at your wits end.

I say to my brothers and sisters in Africa, if they come up with a vaccine be careful. Don't let them vaccinate you with their history of treachery through vaccines through medication. Are you listening? I say to the African Presidents, do not take their medications. I say to those of us in America we need to call a meeting of our skilled virologists, epidemiologists, students of biology and chemistry. And we need to look at not only what they give us, we need to give ourselves something better.

So my teacher told me, "Don't speak for some, speak for the whole," and now I'm speaking for Black America, for Hispanic America, for the Native American and for those who are desirous of life.

They're making money now, plotting to give seven billion, five hundred million people a vaccination. Dr. Fauci, Bill Gates, and Melinda, you want to depopulate the earth. What the hell gives you that right? Who are you to sit down with your billions and talk about who can live and who should die? That's why your world is coming to an end quickly because you have sentenced billions to death, but God is now sentencing you to the death that you are sentencing to others.

Yes, Allah is great, so whether I'm present or absent the executive council of The Nation of Islam must call our scientists. Come and let's sit down. Our virologists, our epidemiologists, those of us who know the science we cannot let them bring anything to us that we don't dissect. Don't you take a vaccine, unless you say to our people we've checked it out, and you better be of the truthful ones. "But Farrakhan if we don't take the vaccine we are sure to die." You're dying for sure now. They want a quickened death.

Yes Brother and Sister, they are in The Bible as the pale horse of the four horsemen of the apocalypse. The pale horse had a rider, his rider was death. And everywhere that pale horse went, hell followed behind. This is your history. You're angry with me, I'll take it because the two that back me are very angry with you. And the righteous are becoming more angry with you with every passing day.

Imagine some Caucasians sitting in a room plotting the death of two to three billion human beings calling them useless eaters. That's satan. That's the mind of satan. You know how satan's mind begins. It begins with these words when asked: Why didn't you submit when I commanded you? And the satanic mind says, "I am better because I am made of fire, while he is made from dust." The moment any of you, any

of us begin to think we are better, we start mistreating those whom we think are less. So White people think naturally—this is not a fault; this is their nature—that they are better.

Look at the words, “Let us make man in our image and after our likeness.” How did the Caucasian come into existence? You can bring your scientists and we’ll sit down because my teacher said, if you can prove one word that he taught us as false, he will pay with his life. And I am his student, I’ll pay with mine ‘cause I believe in every word that he taught. You’re not a natural man; you’re a grafted man with a birth control mechanism—Killing the darker, saving the lighter, marrying the lighter onto the lighter, killing the darker of the lighter, marrying that on, the lighter with the lighter until you get black, you get brown, you get red, you get yellow, you get white. And when the Whiteman was made his father was a liar, his father was a murderer, so they’re born with lie and murder in their nature.

How do they lie so easily? If you could read the record, the police records of what they say in their reports that they write. They have concocted lies to justify their murder of our brothers and sisters. Why are the police quitting now? You should all quit. ‘Cause if your presence there thinks you’re going to come into the Black community and do what you’ve been doing, you better quit. The jump out boys better stay in the white community. Don’t come where we live and jump out ‘cause you may never get back in. Real talk now. We can’t take it no more. We won’t take it anymore.

So you develop your vaccine Mr. Dershowitz. Listen to the words of God from my mouth for you. You’re such a skillful deceiver. You deceived your brothers in the senate to vote not to impeach. Mr. Trump, you were very skillful, but see if you can impeach the wisdom of God. You are satan, masquerading as a lawyer. Satan walking in full sight, deceiving whoever they can deceive. That’s satan.

It’s my job.

I got it. Ooh yea, that’s better! Ah yea!

Mr. Greenblatt you are satan. Those of you that say that you are Jews, I will not even give you the honor of calling you a Jew. You’re not a Jew. You’re a so-called—you’re satan—and it’s my job now to pull the cover off of satan. So that every Muslim, when he sees Satan, pick up a stone, as we do in Mecca. Did you hear me Brother Abdul Malik—when you know who Satan is, you don’t have to kill him. No, the stone of truth. See that’s what you throw.

Allah says, had we wish to take a pastime from before surely we would have done it. Nay we cast truth at falsehood 'til we knock out its brains. Everyone of you that knows the truth, stand up and tell it from the mountain top. Black people can't take it no more. So wherever you are on the job, in the factory—I don't care where you are—if you know the truth, stand up on the truth and tell Satan who the hell are you to try and pick my friends. Farrakhan is God's man and you are from the enemy of God, so to hell with you. Stand up on it like a man.

So Mr. Dershowitz, if you bring the vaccine and say you're going to bring your army to force us to take it. Once you try to force us, that's a declaration of war on all of us. You only have this one life, fight like hell to keep it and fight like hell to destroy those whose heart and mind is to destroy you and take your life from you.

So yes, quit. Quit the police force because the day of partying in the Black community is over. Using our women for play things, taking our young people feeding them guns and drugs. And you are such a silly young man, you're out there killing one another—eighteen in one day in Chicago. Do you think that you will escape the wrath of God?

This is the last time that you will hear me for a while. This is the last time that you will hear me for a while because you've treated me like a lovely song. We love to hear you sing Farrakhan, but you won't do what I ask you to do. So I'm telling you that when you don't see me anymore, I'm fulfilling The Qur'an. I will not chastise them while you were among them.

Once He takes me away from you by whatever means He uses, death and destruction will come down on America and the world. China you cannot escape, you are powerful, you are strong, but you are mistreating the Uighurs Muslims. They are not your enemy. The way you think is becoming your enemy. You can't be a tyrant and live today. People are rising against all tyrants. So be careful Mr. Ji. You may have a presidency for life in China, but be careful 'cause you are not the master of life. I represent The Master of life and when he gets tired of you, He will end your life.

Same with you Mr. Trump. That's right. The Jewish Rabbis came to my home. Don't cut me off. I'm not lying. Cut off the liar who lies with every breath. Don't cut me off. One great rabbi said to me, "It's not for you to criticize us that's for me to do." In other words, nigger. He didn't call me that, but telling me at my dinner table that I don't have a right to criticize him. I don't come for you, to you asking for my authority. You

didn't authorize me. I'm authorized by a power bigger than all of you. So He told me, deliver the message, and if you do it not you are not delivering the message. But if you do it, surely I will protect you from men. I have authority to say what I'm saying, so don't talk about you're going to be president for life—You might be, but your life may be in the balance.

So don't take their vaccines. There are fourteen therapies that are in the world today that we can use to fight against the COVID virus. America you won't solve it. The scientists of the world, you won't solve it. Guess what? I want to tell you what will solve it. You're ready?

This virus is a pestilence from heaven, so scholarship from hell can't deal with a pestilence that came from heaven. But if you want to stop it, you have to go to heaven. When you fly over this land, you will see greenery, you'll see beans growing, you will see corn growing, you'll see all kinds of vegetation growing. We don't ask God will you give us rain. He gives us rain. You that are farmers, re-establish your connection to The Creator and you won't will the pangs of drought, unless you are of those deserving of it. There has to be a natural connection between heaven and earth. And once that connection is broken, heaven does not suffer. It's the earth that suffers.

America, you took prayer out of the school. You can't redeem the school, unless you redeem it with the true scholarship that should always be present in any house of learning; it's the God of knowledge. We are sitting in the midst of pure truth. Everything that God created is truth and in everything that He created is a lesson. So we are in a book, if we would learn.

So if you really want to end the virus, Mr. Ji, recall your sins. Don't tell me president's don't have sin. Go and listen. Go in your chamber and look at your record. Have you sinned? Is there anyone in here that has not sinned? Raise your hand. Oh. I didn't see nobody. I can't say that I have not sinned. But I can say with truth that God has taken care of my sins. For the scripture says, "Pray to me and I will forgive you." The God will forgive you. When I leave, He says, I will not punish you, while I'm among you, but He will not punish you if you are in the middle of repentance. So now that you know your sins and COVID is spiking. I don't know how many states are seeing the spike. How many? Thirty-six? No, you're not keeping up with the news. It's more like forty going toward fifty. Nobody is going to escape. You haven't seen the worse of this yet. When I close down in The Garden, The God will do some work.

And those of you in the truck, I want you to put up a vision of the wheels. Are you doing it? Let me know when the wheel comes up. You see that wheel? Oh well it's—Oh now I see one. You see that wheel? That's from a giant mechanical object, which is the mind of Master Fard Muhammad, who is The Master of the wheels. He helped to make me. You can take it or let it alone.

He made my father, The Honorable Elijah Muhammad. You thought you killed Elijah. I don't represent a dead Elijah Muhammad. I represent a living Elijah Muhammad, who is on the wheel. And I had the two pictures floating around on the airplane to let you see who's The Master of this day that we are in.

Abdul Hafeez Muhammad called this day into existence. Because if I had not prayed so fervently to Allah to understand this COVID virus, we wouldn't be here on the fourth of July, but the answers that He gave us through the study of The Qur'an—and bible, but mainly The Qur'an—is why we're here. No big crowd. All of us sitting together. All of us with our masks on, all of us distanced. Take a picture of them. We don't need a crowd. We just need what's in front of us. disappointed like Prophet Muhammad peace be upon him. Prophet Muhammad wanted to convert the white race to Islam and they don't want Islam. So Allah says through the prophet, would you grieve yourself to death because they won't believe. See a prophet wouldn't grieve himself to death, if he didn't have the best in mind for those in mind to whom he was teaching and calling to faith. He called them to faith with love.

So Jews people don't think that I hate you. I'm solicitors for you. Take it or leave it.

Have you seen Ms. Chelsea Handler, the Jewish comedian. She saw something of Farrakhan on the Donahue show and it was so truthful. In the manner of Donald Trump, "so truthful, so sweet and wonderful". She posted it for her millions of followers. Who came out and jumped on her. No not jews, the imposters. She recognized truth and that is something that those who attacked her will not recognize. Though if you listen to my millions of works. You want me dead, find me false. So Ms. Chelsea don't feel bad. Thank you for putting it up. Go back and listen to more of Farrakhan and get to know me. Not from the mouth of your lying imposter brothers, get to know me from the God within that can tell you if The Minister is false. I can show you fake news. I am certainly not of that.

So, have you noticed Mecca is shut down. What do you think about that? Mecca, our Holy City is inoperable. Pilgrims can't go there for Hajj. Ask yourself why. Medinah shutdown. Jerusalem shut down. Rome shut down. Why is The Pope talking to nobody? Why is Mecca shutdown?

I asked Allah. And the word had already been given to me long ago, but I didn't recognize that my teacher had already taught me. He went to the Book of Daniel and he asked the question, "What is the abomination that bringeth desolation?" He said, "Do you know?" I don't even try to guess when you don't know. I'm standing with the teacher, so I said, "No". And most of you who don't know, shut up. Don't try to teach what you don't know. Stop it. People live from truth today and they die from falsehood. Don't fake it. If you don't know it, shut up and seek it. For The Bible tells you, "Ask and it shall be given. Seek and ye shall find. Knock and it shall be open to you." Well, I was seeking. I was asking, I wish I could have told you all that God had shown me. But I think this is enough now.

It will be written two parables. One made by Jesus, it's a parable of the wicked husbandmen. For all wicked husbands to look at. Because God, when He puts you in charge of one of His creatures, you have to treat that creature like The Creator created that creature to be treated. That's why this is a parable of the wicked

husbandmen. They were over a vineyard that produced grapes and there was a winepress nearby that they could produce holy wine. Is there such a thing? You know I believe there is 'cause if The Master could turn water into wine, that's a wine that I want to drink. So this is not foolery. This is not foolishness. A wine press that makes pure wine. I read in The Qur'an, "rivers of milk", "rivers of wine". I'm not misinterpreting or mistranslating. "Rivers of wine". Well if God is going to have rivers of wine in the hereafter, that's not the stuff that you're drinking or if it is you don't know when to stop. But the wine of the word, the water of the word is enough to revive you, but the meaning of the word, the exegesis of the word, the digging into and proper interpretation of the word turns water into wine and that wine inspires. That wine enlivens. That wine emboldens. That wine is what I'm giving you today. Have a drink.

I'm there now Ish. I like when you say that. I'm almost there and he turns a page.
laughs

He's making His point and I'm making mine.

The wicked husbandmen were giving charge over the possession of an owner of a vineyard, he went off somewhere and the wicked husbandmen were supposed to bring in the fruit of that vineyard. So the owner—from wherever he was—he sent somebody into the vineyard. And those that were possessing the vineyard, some they beat. Like police brutality 'cause they're sure not bringing in good fruit, in their policing efforts. Vicious men. And you in the police union, you are the worse ones. You are worse than the killers in blue because you sit behind a desk and find a way to absolve of from the guilt that you know that they are guilty of. So you are no good at all. So we [are] not going to get rid of bad police and leave a no good police union in place.

Anyway.

The owner of the vineyard said, "Well, let me send my son into the vineyard. Surely they will listen to him." And the wicked husbandmen beat him and killed him. So the question was asked, "What will the owner of the vineyard do when he comes?" Now, he happened to be talking to members of the Jewish community. And they answered saying, "He will utterly slay them."

So Ms. Chelsea, my Black Brothers and Sisters, the reason they hate me because they know that I represent the end of their civilization. I represent the uncovering of their wickedness fulfilling the judgment that God has come to bring down on America and the world. And God's mercy is so great that when He pronounces His judgment

He gives you time to accept it. Because you are not as wise as God, so sometimes when He delivers His judgement, you have a problem with God. And when Master Fard came in 1930, He issued a judgment against America on our behalf. Do you remember that?

What did He say? He said, America was number one on His list. He had some other European nations that followed suit with their wickedness on the Black, the Brown, the Indigenous people of our planet. It's judgement time now. It's time for us to reap what we have sown. So, that's why they hate me Americans because they are wicked and they know they cannot say I'm lying on them. They just say, he's a bigot, he's anti-semitic, he called us termites. I never called you a termite. No, I did not. And if you study my words carefully, I was talking to a percentage of people that Master Fard Muhammad had given us in our studies. Eighty-five percent of the people, who don't know the law of cause and effect, who are poison animal eaters, who believe in a mystery God. But the ten percent, they know God is real. They are the blood suckers of the poor. So if you are a blood sucker and the poor is who you're sucking from, you don't want to stop sucking. So anybody that points out the sucker and puts fire to the sucker when he falls off what he's sucking, that's the enemy to the blood sucker. You understand me? But I never said what I said out of any degree of hate.

So Mecca, I love you. That's the greatest city in the world to me. Tears come in my eyes when I enter the Holy City. Here am I Allah in your august presence. That beautiful city is desolate.

So my teacher asked me: "What is meant by the abomination that brings desolation?" I said, "I don't know". He said, "It's hatred." When people who hate will stand in the place where love should be exercised that's when the house of God will become desolate.

To my Christian family, you talk about Christ and he's the right man to talk about. I talk about him too, but I represent him. The product that God allows me to produce let's you know that I represent somebody that loves righteousness.

So Mecca, you've been halted because hate stands in the place where love for God and your fellow Muslims and others should be seen. So you buy planes and guns and all kinds of weapons of destruction from America and you're aiming it at your brothers. So when I read The Qu'ran and it says, "Mecca is to be warned." So who of you is courageous enough to warn Mecca. See I don't fear nothing from Mecca. I love Mecca, but if Mecca is wrong, I have to say it because if I don't say it, He who commissioned me will see that I'm weak and punish me. Mecca is to be warned. And the cities and towns around it, whose around Mecca that needs also to be warned? Yemen, Afghanistan, Iran, Iraq, Jordan. All of these are the towns, cities, nations around Mecca. Mecca you must repent.

I have to close with this. I was with The Honorable Elijah Muhammad one day when he was teaching in the Theology of Time. He said, and I know he was talking to me, "He said, "Brother you have to do more than preach that Jonah went to Nineveh. You have to say why he went." And I was in the background saying, "Yes sir." I'm learning something. So Jesus—now I'm coming back to this great one. He said this wicked and adulterous generation. See? Now look at the inquiry that is in the house? How many of us are guilty of fornication, of adultery? Come on. You do it so effortlessly that it don't even bother you anymore. Your conscious won't even talk about you anymore, talk to you anymore because you've sentenced The Messenger of god in your being to death.

That's why God has to send a pestilence after a pestilence. So this pestilence is going to get worse. But you, but America, but China if you don't want to get caught up in the next phase of the blowing of the trumpet, then what you should do is call your

people together and come out to them and ask them to go in their chambers of quiet and ask forgiveness for your sins. For your sins have reached onto heaven.

So Mecca, this time period of quiet where people can't come to Mecca, then you have to clean Mecca up. We don't worship the stone. We understand that that stone is a sign of something bigger than itself. But if you fall into the trap of worshipping a stone, then you're no better than the idolaterous that Prophet Muhammad had to cleanse the Ka'bah of fourteen hundred years ago. Come out and repent.

Pope Francis, you seem to be a man that wants to do good, but there's so much evil that the church has done. Who will pardon the church? You ask the sinner, when he comes to the father to confess—He says father, I have sinned and you ask the sinner to enumerate his sins. You should stop that because you're talking to a sinner that may be worse in sins than yourself. The priests needs to confess, the ministers need to confess, the presidents, the kings, the rulers need to confess. And they may say to me in their arrogance, "So what if I don't, what are you going to do about it?" I'm going to drink a little water 'cause you're going to need some water to calm down the fire that's about to come down on all of you.

In my conclusion, Lord I finally got there.

What shall be done with the wicked husbandmen? God is coming to slay them. And to the false imposters that claim they're Jews and they are not, they have broken their covenant relationship with God. They have failed to live up to the Statues Commandments that He gave them. So everybody is seeking a sign. What's going on? You're asking questions now. Why ain't Farrakhan speaking? Why? What is it about Farrakhan speaking that you need to hear him? You're not desirous of hearing his word in any other way. So take this word 'cause you won't hear it again from me.

This wicked and adulterous generation seeketh after a sign. No sign shall be given to them except the sign of Jonah. As Jonah was in the belly of the great fish, three days and three nights. So shall the Son of Man be in the heart of the Earth. Jonah was the only one that came out to Nineveh and got Nineveh three hundred years of more grace from God.

Mr. Trump, you're the leader of America now. You need to try to make America safe from the wrath of God, her chastisement over the wickedness that you all have been involved in since your inception.

Since you are the last of the president's maybe that has a chance on your watch to delay the judgment of God. You have a secret chamber in the White House, a place where you can go to pray. But Mr. Trump, I really don't see you falling down on your knees. God has to knock you down on your knees because your arrogance, your false pride in the little money you have.

Can I show you something from The Holy Qur'an?

It says, all that a man has of the wealth of the earth, if he had it in his hand and the like of it with it, they would gladly ransom it in the day of resurrection to keep the chastisement of God away from them.

Mr. Trump, you won't bow down on your own, but the scripture says, "every knee will bow and every tongue will be forced to confess." We say it in Arabic, that "There is no God, but Allah." And you say it, that "Jesus Christ is Lord." Same thing. Bow down.

To all the Christians that think Jesus was a White man: Some of you want to appease Black people because of the death of George Floyd. You're saying, we'll take down our White Jesus. Why would you do that now? You knew all along that he wasn't White. Why did you put up a false image? Because you were a part of the tyranny of white supremacy. You did that to yourself. So if you want to take it down, don't take it down to appease us because that's not enough. Taking down a White Jesus don't mean anything, unless you can tell the truth about the Black Jesus. Ah yes.

Now, those killers of my Brother George Floyd. That was such a horrible murder that all of us were made to look at. I saw my brother, a big man. He could have twisted those four White people, if his anger had been stoked and he wanted to fight, they would have to call the National Guard to stop him. That's why you have to come at us like a coward, all four of you like snakes trying to wrap yourself around us, so you can give us the treatment that you were taught in Israel.

You mayors, you governors, stop your police from going to Israel to learn how to kill better. Your days of killing us without consequence are over. You will pay a heavy heavy price.

Can you imagine somebody from Israel in the Knesset saying that their enemy in America is Black youth? You could talk like that? A government talking across the water that our Black youth are the real enemy. You know why they're the enemy? Because they are unafraid and they're listening to another voice. The voice that you want to silence, the voice that you want to kill. But Allah says, in The Bible, you will come to Him and you bow down at the feet of the anointed of God.

And so, George Floyd when they knocked on the window, over a so-called twenty dollar counterfeit money. You make guns, you make the drugs, you also make the counterfeit dollar. So if there is any counterfeit money in the hood, you put it there, as a trap for us. So if my brother used it and you gave him change for it. Or you told him,

“No, no, no. When I put this up here, this is counterfeit money.” And you call the police. A man carrying a twenty dollar bill. And that morning, he made up his mind and told his friend, “I’m not going to rise up against them.” See how peaceful he was? They had him handcuffed, took him out of his own car, took him over to the side of a wall and sat him down. I looked at the expression in his face. He was saying, “Why are you doing all of this man? C’mon man.” And then, they got him down and I heard a scream come out from him that I’ve heard before when they were using it on Freddie Gray. This is the technique that they use in Israel.

Israel let me tell you, your day is here now. You don’t have to applaud. The God of Justice has something for you Israel. You’re troubling some waters and you won’t be there long, if God gets after you. You’ve got a hell of a nerve claiming a part of our—listen to me good Israel. You don’t deserve that place. You’re not kindred to that place. Nobody ran you from that place. So be careful Israel. I can tell you like Daniel. Then a man's ethical farce in your kingdom has been weighed in the balance and found wanting. America you’ve been weighed, try to keep yourself out of war. Try to keep yourself from the judgment of God. You would be wise to put on a mask ‘cause it would be the greatest irony that you would die in office from coronavirus. I’m not wishing that on you. No, no, no, but if I did, you would have to worry.

So Florida, are you becoming the epicenter of the coronavirus? I asked God to do that. That I asked him for. While Florida was white all the way around, now you’re red all around. I asked God for that. I just want to show you that this man that is talking to you has power with God. I’m not fake. I’m the real deal. You can take it or let it alone.

Why did I ask God to drop that on Florida? Because because of you Florida and those that ran out or would run out of Cuba, who were members of the Jews community, who lost everything, your hatred for Fidel Castro has caused America to be blind now. You can sit down with the Vitanesmese.

Oh they’re coming over. I must’ve run out of time. Well anyway, what they’re saying is “Congratulations on the ninety anniversary, birth anniversary of the Nation of Islam.” If you want to look at it, it’s okay because it’s your day.

Now where was I?

Yea, I asked God to bring down the virus heavily on Florida because ninety miles from Florida, our Cuban family when the plague broke out in Wuhan, they went to (I be) Province in Wuhan and with the Chinese. They corrected it and drove it out of

Wuhan. Don't we need something that Cuba has? See but you got an embargo on Cuba. Let me say this.

You can call me racist, I'll accept that 'cause I am racist. Not the kind of racist you know. I'm a violin-ist. The closing suffix says of that noun, says that I'm committed to, in love with, practice many hours to be, a master of the violin. Therefore, I am a violinist. Some have dedicated their life to piano, they're a pianist. Some have dedicated their life to chemistry, they're a chemist. Some have dedicated their life to their race. I've dedicated my life to Black people first and foremost. I have a solid record of love for Black people.

Oh that sounds good. There will be another one coming over later. That's why I asked them to show you the wheels 'cause I've also asked Allah to send them over here. Just to confirm what I've said today, that The Man that I'm representing to you, those two men, they are The Masters of the wheels. And that's where I got what I got to tell you over the last twenty or nearly thirty years. The planning of the presidents of The United States, I got it on my visit to the wheel. You all laughed at me, but I'm about to go back to the wheel. I have to go under extraneous circumstances, but I don't care what the circumstances is. I want to get back 'cause my teacher said, "If you are faithful, and don't change the teaching, while I'm gone." I can say I've been faithful. I can say I've taught his teaching all over the world. I've expanded his teaching because I have been given insight into his teaching.

So I'd like to ask, who of you called the plane and told him to come. Well, it's—I'd like to know who called them. I travel with my enemies too, but your days of traveling with me are over. If you don't think that my God can see a hypocrite and smell him a long way off. Keep playing with me.

You keep those Brother. They belong to Brother Arif.

Well let me finish the point. I asked because I'm about to ask the government: Relieve our brothers and sisters in Cuba of the burden, the unjust burden of your embargo. 'Cause we're not going to take no medicine that you, the killers of all of us.

Remember the syphilis experiment? Remember what they did to the Native Americans with smallpox? Remember the vaccine that they gave us for polio that was cancer itself? So how in the hell could you trust them with a vaccine, after you know what they have done? And that they are capable of doing it again on a bigger and broader level?

It's government policy to reduce the population of the earth by two to three billion people. You know that right? If you don't know it, I've been telling you about it. And they're using methods that Zbigniew Brzezinski mentioned, "It's easier to kill a million people than it is to control a million people." Zbigniew was not playing. It is easier to kill a million because they're killing millions as we speak. We will not accept your vaccine. So you can slow down. 'Cause whenever you bring it out, it's for your people. You give it to them. 'Cause we're not accepting death 'cause you are the very representative of death itself. The pale horse. And everywhere you've gone in the world hell went right behind you. We are sick of hell and we are sick of death. So all of you that have made a covenant with death, your covenant is going to be annulled. All of you who have made an agreement with hell, your agreement with hell will be broken.

So I'm saying in this election year, tell them Mr. Trump release Cuba because we want our Cuban doctors to look after us. We don't trust you. We heard that you're killing some of us in the hospital. See we know who the laborers of Yakub that brought you into existence were. They were ministers, they were doctors, they were cremators. So we know you well and we're watching you go to work in the hospitals to kill us. "But some of us are very good people." You are, some of you, but you're usually low level 'cause those that get instructions to kill don't share that with you, they just tell you, "Don't waste time with them. That's already dead." And you can't break in. Somebody broke in to find their grandmother 'cause they told her their grandmother had died. And they found her. She was in a bodybag breathing.

We can't trust you no more white folks, not with our lives. We're not justified in so doing.

So look. Cuba is ours. The Blacks of Cuba is our direct relationship. The Brown in Cuba, the mixture of the Black and the Spanish, that's our family. You didn't kill the black in them, you just mitigated some of the power of it. But that's our family too. So we're creating a lot of half White children these days.

Don't feel bad that you're half White 'cause The Saviour Himself had a Black father and a White mother. Uh! Uh! Uh! Did you hear me? What's the matter? You don't want me to say it? You're scared of it? You don't know how to defend it? Then get the hell out of here and go on where you belong. Because he had a Black father and a White mother from the Caucasus Mountain. Why was He like that? 'Cause He had to give justice to both Black and White. That's my job too. I know what justice looks like for Black and I know what justice looks like for White. You got a problem with our Saviour? That's why I put him out there today. Because now my father told me. You know how when your father tells you, "You're not my son." I mean that's some shaky hell going on there. And The Messenger said to me, "Brother". He didn't say that I'm not his son. He said, "I didn't make you." But I took offense 'cause I don't know no other maker than Elijah Muhammad. He said, "I didn't make you Brother." I said, "But you did make me." He said it again, "I did not make you Brother." And I said again, a little softer, "But you did. You did make me Dear Apostle." And then he came back and said, "Brother I gave you the same teaching that I gave to everyone else, but only God could have shown you how to arrange The Teachings and put The Teachings together in the way that you have done." Then he said it for the fourth, the third time, "I did not make you. God made you for me." So then naturally, I had to look at this. What? 'Cause if he didn't make me, but I know he taught me, then somebody else was a maker. So I went to looking.

Master Fard came to America July 1930, met Elijah Muhammad September 26, 1931 and the journey began. One year later, September around the same time, I was in my mother's womb in 1932 and she was trying to abort me in 1932. And she tried three times in 1932, but she failed three times and after the third time, she said "Alright, I'll have this child." Who was it that interfered with her? Who was it that protected my life in the womb? Who was it that nurtured me as a child? Who was it that put that violin in my hand? Who was it? I'm not no ordinary Negro. No, hell no. He made me that's why you can't find nobody like me. Oh Farrakhan, you're being arrogant. Hell no, I don't like arrogance. But I used to have the crescent in my flag in my uniform. Brother Akbar is here. He knows that that crescent was in a circle, the circle was the sun, there was the star and the crescent. And I showed my uniform to Elijah

Muhammad. Listen to his words. He said, “Brother, take the crescent out of the flag because it stands for equality and you have no equal. I couldn't say that, but God can. So be careful how you push me around in your head. ‘Cause you’re going to pay a price for it.

I have done nothing, but good for you. I have fought for Black people against strong opposition. Some of you were with me in Tehran and I had an audience with The Supreme Leader. And I told them that I am a representative of al-Madhi. They all love al-Madhi. I said, He came to North America by Himself. He visited every inhabitant path of our planet. He spoke sixteen languages and wrote ten. He pictured and extracted the language of the people on Mars. He spoke the language of the birds. Are you listening? He could recite the history of our nation going back a hundred and fifty thousand years day-by-day. And Elijah Muhammad said, “He went in front of you and made friends for you all the way around the earth.” I didn’t understand it, but you will see after today. The witnesses are going to come up from all around the earth. And the enemy will be absolutely desirous of ending my life right away. So I say to the government, I say to the FBI, the CIA, Mossad, you are very smart in the eyes of Allah and the more you plot against me, you’re really plotting against yourself, but you don’t understand.

So as that plane is making it’s next turn, I want us to stand up from our seats and go on out and look at that plane. It seems like it’s over here. Do you see it? Look up. I can’t see it from here, but look at it and then we’ll have prayer.

Good.

Did I tell you why I asked for COVID to touch Florida? Because Florida has stood in the way of a better relationship of our government with Cuba. We want what Cuba is developing against COVID-19. We want alpha interferon 2B, if that is what is good against COVID. We’re looking into Madagascar. We’re looking into other therapies, but we definitely will not accept your vaccine. You’ve blown it all the way around with us. So in my—dear brothers and sisters—conclusion, do not accept pacification. If they tear down monuments, Confederate flag—I know it makes you happy because you know what we suffered under the Confederate flag, but you’ve suffered all of it under the American flag, as well. We respect that flag. I would never advise you to disrespect the American flag, even though we have caught pure hell under it. It is the flag of an independent nation that we have been blessed to live in and cursed at the same time. But we are coming out of it with great what? *Audience says, “Substance” * Say it again. *Audience says, “Substance”.* And what is substance? Something of value. We’re coming out of it with an education that makes us the

I want to thank Father Pflieger for spending this time with us. He has another engagement and I've held him long enough. But Father Pflieger you are my brother in faith and to me a true disciple of Jesus, The Christ and I pray for your protection. I pray that He continues to bless you.

I needed to say to The Pope, you have a lot to repent for, for the church and what the church has done. Mr. Pope Francis, call them to repentance and lead them in repentance for what the church has done to the Indigenous people of our planet. And God will be merciful to you.

It takes a lot of humility with the office that you hold to bow down and recognize that you are not the real door of Christ.

I am that door today. And I'm not bragging, that's what God has made me. So to the members of the Jewish community, you must turn away from The Talmud and embrace The Torah and stop doing evil to those whom you believe are less than yourself and justifying it by The Talmud. If you will forsake The Talmud, God will give you more time. But if in your mind, you feel that you are able to harm me and kill me, He might let me go into your hands for a short awhile. But don't believe that you would have killed me, but if you make that move, I can guarantee your destruction.

[Al-Fatihah in Arabic]

Amen.

O Allah, thank you for this day that The Lord has made.

Thank you for the life of Abdul Hafeez Muhammad. And thank you for all the lives that were taken in this plague that are now martyrs in your cause. And what is your cause, the resurrection of the mentally dead and the establishment of a government of peace wherein we all may live together in peace. You have died to bring an end to this world. And you have died and your blood is to establish the foundation of a brand new world. So peace be to you suffering people of America. Peace be to you that have lost your loved ones. Peace be to you in the Carribean, in Europe, in the Isles of the Pacific, in Russia, in China, in Korea. Peace to the people of Taiwan. Peace to the Uighurs that are suffering in China. Peace to the Muslims who are suffering in **Former Burma**. Peace to those who are crying out for deliverance in India and Pakistan. Peace to all those who are suffering under the tyranny of any of our leaders. Soon you will be set free and God will give you new leadership that will lead in accord with His divine will. May Allah go with you. May Allah bless you. May Allah keep you. May Allah protect you. May Allah fill you with knowledge, wisdom, understanding, and power that we together may put to a perpetual flight, Satan, the archdeceiver, the imposter Jews, who are worthy of the chastisement of God. I ask all of this of you, dear Allah in the name of your servant, Muhammad, peace be upon Him and peace be upon all of the righteous servants of Allah.

I bear witness that there is no God, but Allah and I bear witness that Muhammad is His Messenger and what I ask of you, I ask of it in his name. Amen.
